EXTERNAL AFFAIRS OFFICE

Association of PESO Locator (ASPELO) 3rd Anniversary and General Assembly: “ASPELO @ 3 Embracing Challenge as One”

People’s Park, Brgy. Zapote City of Biñan, Laguna
July 07, 2017

Director for External Affairs, attended the 3RD General Assembly and Anniversary with the theme “ASPELO @ Embracing the Challenge as One”, held at the People’s Park, Brgy. Zapote, City of Biñan, Laguna last July 07, 2017.

ASPELO is a convergence of the government, industry, and the academe that aimed to bridge the gap between the industry and the educational institutions. It is an organization that is first in the Philippines, spearheaded by the Public Employment Service Office (PESO) of Biñan City and the Province of Laguna with selected representatives from the academe, which we are part of it, and the industry like Daiwa Seiko Philippines Corporation (DSPC) and Motor Central, to mention a few. It was later joined by all PESO Officers in Laguna, with now numerous Industry and academe members.

With the creation of ASPELO, and as the University is one of the members, we will be expecting that the University will strengthen its relations not only with the industrial companies but as well as with the government agencies. With the identified gap between the industry and the academe, the institution is hoping that this will be a good move to address the identified problem.

Congratulations to the officers and members of ASPELO for their 3rd Year Anniversary!!!
