

STUDENT PERSONNEL SERVICES

THE FOCUS OF THE SPS

The Student Personnel Services is an office that provides and supports a variety of school-based prevention, intervention, and educationally –based services to assist all students to become productive students and Christian-centered professionals in the future. These services are provided by SPS professional staff to meet the particular needs of students.

The Student Personnel Services is focused with four major facet in the University: Students' Welfare, Students' Activities, Students' Decorum, and Students' Recruitment. The office serves as a link between and among the students, staff, faculty members, and the administration. It also concern itself in the implementation of rules, policies, and regulations of the University as stated in the Handbook.
