The Director for External Affairs Dr. Josefa G. Roxas Hi-way, Clark Freeport, Mabalacat, Pampanga.

This is an annual activity participated by the University for more than twenty (20) years, wherein the institution is one of the member institutions. It was spearheaded by the Philippine Association of Tertiary Level Educational Institutions in Environmental Protection and Management (PATLEPAM) in cooperation with the Environmental Management Bureau of the Department of Environment and Natural Resources. This program is a good venue to discuss efforts that will enable higher education institutions to plan coordinated actions that can be used by administrators, teachers, researchers, and students to develop a roadmap towards creating strong institutions and communities based on transparency, social justice and equality. This program was attended by representatives who came from different higher educational institutions in the Philippines.
