**Semiconductor/Electronics Training and
Logic Devices Testing and Applications (Digital Electronics)**
Performing Arts Theatre, UPHSL
November 16, 2017

Dr. Josefa G. Carrillo, Director for External Affairs of the University of Perpetual Help System Laguna facilitated the Institutional Partnership Program (IPP) with ON Semiconductor Philippines Inc. entitled “Semiconductor Electronics Training and Logic Devices Testing and Applications (Digital Electronics)” in collaboration with the College of Engineering with its Dean, Dr. Flocerfida L. Amaya, last November 16, 2017 held at the Performing Arts Theatre, UPHSL-Biñan Campus.

The On Semiconductor is a Fortune 500 semiconductors supplier company. Products include power and signal management, logic, discrete, and custom devices for automotive, communications, computing, consumer, industrial, LED lighting, medical, military/aerospace, and power applications located at Maduya, Carmona Cavite.

This program is part of the Company’s strategy on strengthening the relationship with universities and colleges. The seminar was participated by the students from the College of Engineering of the University for free. This assembly was also part of the Institutional Partnership Program (IPP) of the University under the External Affairs Office.
