UPHSL Successfully Holds Annual Job Fair 2025 Bridging Students to a Brighter Future

UPHSL, Binan City of Laguna
April 24, 2025

The University of Perpetual Help System Laguna (UPHSL) successfully held its Annual Job Fair 2025 at the UPHSL Performing Arts Theatre, connecting graduating students with career opportunities from 42 participating companies and organizations.

The event was organized through the collaborative efforts of the Student Personnel Services (SPS) Department, led by Nova Marie Estabillo; the Alumni and Placement Office, under Albert Rocero; and the International and External Affairs Office (IEAO), headed by Josefa G. Carrillo. The collaboration brought together government agencies, private corporations, and institutional partners to support students in their transition from education to employment.

Key partners included the Public Employment Service Office (PESO) of Biñan City and the Department of Labor and Employment (DOLE) Laguna, providing diverse job opportunities for graduating students. Participating organizations included the BJMP Sta. Rosa Male Dormitory, offering opportunities in public service, and the UPH Dr. Jose G. Tamayo Medical Center, which promoted its PhilHealth Konsulta program.

Representatives from SSS, Pag-IBIG, and PhilHealth were also present to assist students in securing memberships and IDs, important requirements for employment.

More than just a recruitment event, the job fair highlighted UPHSL's commitment to bridging education and industry, empowering graduates to become competitive professionals both locally and globally.
