SDG 17.2.1 Relationship with Regional NGOs and Government for SDG Policy

Industry Visits to The National Forensic Science Training Institutefor Criminology Program

CALABARZON, Region IV-A, Philippines
October 16, 2024

The University of Perpetual Help System Laguna (UPHSL), through its International and External Affairs Office, conducted visits to several law enforcement, peacekeeping, and penology sites where the University's interns are currently assigned.

The objective of the visits was to observe the internship sites and monitor the performance and overall condition of the interns. The initiative also aimed to ensure the students' wellbeing and confirm that they are meeting the expected standards in their respective placements.

The visits covered locations across the provinces of Laguna and Cavite.

Among the sites visited were the National Service Training Institute site in Calamba, as well as several offices of the Bureau of Fire Protection (BFP) and the Philippine National Police (PNP) across both provinces.

These visits reflect UPHSL's continued commitment to supporting its interns and ensuring that their field training experiences contribute meaningfully to their professional growth.
