Margie Con: Year 2 Exhibit

Performing Arts Theater, UPHSL
March 10, 2025

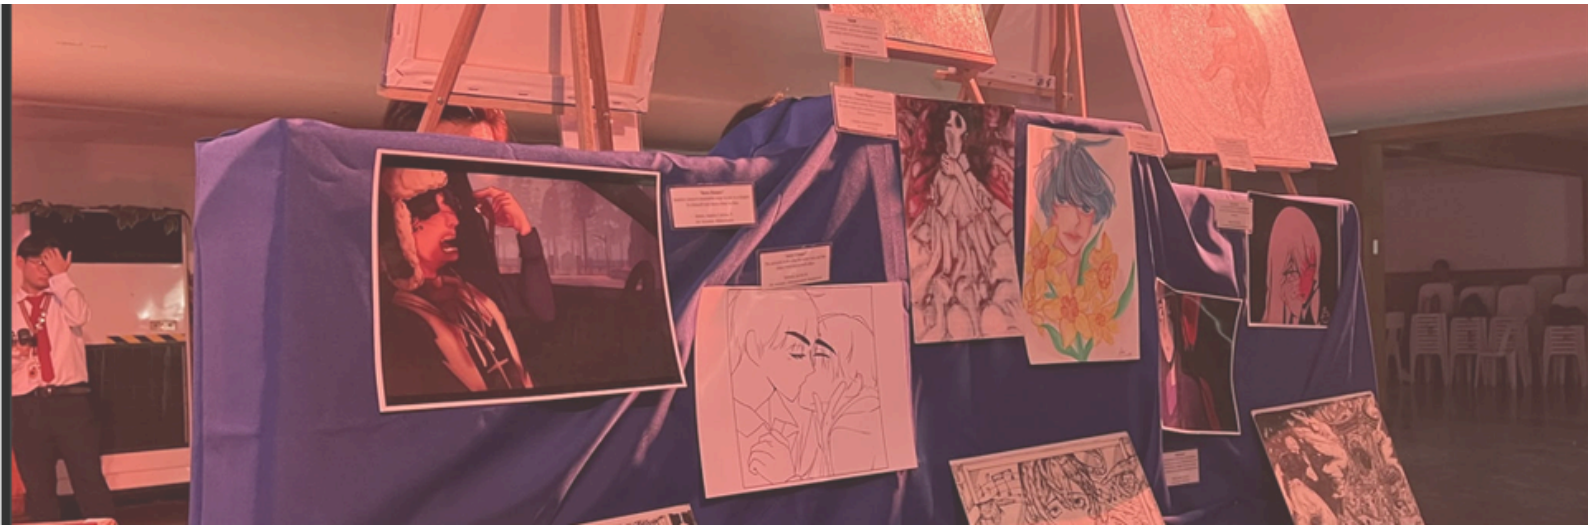

Talent Without Borders: Margie Con Exhibit Provides a Haven for Perpetualite Artists. On March 10, 2025, the University of Perpetual Help System Laguna (UPHSL), through its Center for Culture and Arts (CCA), organized **MARGIE CON: Year 2 – Providing a Safe Space for Perpetualite Artists**, an initiative that celebrated the diverse creative talents and artistic expressions of students across the University. Organized by the Ugnayang Perpetual Project Management Team (UPPMT), the exhibit provided an inclusive platform for Perpetualites from different backgrounds to showcase their abilities, experiences, and perspectives.

The initiative aimed to provide equal opportunities for students to express themselves through a gallery of artworks, including photographs and paintings submitted by students from various colleges and academic programs. As Sir Bryan, Director of the Center for Culture and Arts, emphasized, the objective was not simply to inspire but to highlight and showcase the talents of every student.

Beyond artistic appreciation, the exhibit highlighted the importance of recognizing individual abilities and creating opportunities for participation regardless of a student's background or circumstances. Each photograph and painting represented personal experiences, struggles, hopes, and resilience, demonstrating how creative expression can serve as a meaningful platform for inclusion and representation.

Through this initiative, UPHSL reinforces its commitment to fostering an educational environment where students are given opportunities to participate, develop their potential, and receive recognition for their unique talents. By providing accessible platforms for student engagement and creative expression, the University promotes a culture that values diversity, equal opportunities, and meaningful participation in university life.

MARGIE CON Year 2 reflects UPHSL's continuing commitment to United Nations Sustainable Development Goal 10: Reduced Inequalities, particularly in advancing inclusion and providing opportunities for individuals from diverse backgrounds to participate in higher education and university activities. It also supports the University's broader commitment to ensuring that opportunities for personal development, recognition, and participation are available to all students.
