As part of the National Book Week celebration, the University of Perpetual Help System Laguna (UPHSL) brought books, hope, and compassion to Bahay Pag-Asa through its annual Reach and Read outreach program on November 22, 2024.

Spearheaded by the University's Library Department and supported by several university units, the program featured storytelling sessions, book donations, a feeding program, and the distribution of essential supplies for children undergoing rehabilitation.

Guided by Dr. Elizabeth D. Malabanan and Dr. Josefa G. Carrillo, the initiative highlighted the University's mission to transform lives through literacy, compassion, and service—living out its calling as true Helpers of God.
